Detail-oriented and driven entry-level web developer professional with an organized nature, good critical thinking skills, and proficiency in HTML, CSS, and JavaScript. A quick learner with a passion for staying updated on industry trends, I am eager to apply my skills in React, Tailwind CSS, and JavaScript to develop innovative, responsive web applications. And continue making meaningful contribution to dynamic work environment.

Skills

- HTML
- CSS
- JavaScript
- PhotoShop
- React JS
- Tailwind CSS
- Git

Personal projects

Lit Loom

<https://litloom.netlify.app>

- Crafted a sleek book-tracking web application with React.js, Tailwind CSS, and Firebase, enabling users to manage their reading journey by organizing books into "To Read," "Reading," and "Completed" sections.
- **Technologies used** : React JS, Tailwind CSS, Firebase and APIs
- **Source** : <https://github.com/Vikramgopal/Book-Vault>

Lend & Learn

<https://lendandlearn.netlify.app>

- Developed a role-based library management system focusing on frontend functionality using modern web development tools.
- **Technologies used** : React JS and Tailwind CSS.
- **Source** : <https://github.com/Vikramgopal/Lend-Learn>

Pepsi clone

<https://pepsiindia.netlify.app>

- Developed a Pepsi India clone website with integrated links to the official Pepsi page, enhancing user engagement and connectivity.
- **Technologies used** : Html, CSS and JavaScript.
- **Source** : <https://github.com/Vikramgopal/pepsi>

Education

Sri Surya Degree College

Bachelor of Science : Computer science

July 2024
